

**Laurea Magistralis in Mathematics**  
**2017/2018**

**MATHEMATICAL CONTROL  
THEORY**

Master students and doctoral students who are interested in assuming information about the course “Mathematical Control Theory”, which is going to be held during the second semester 2017/2018, are kindly invited to visit the web page

<http://www.science.unitn.it/~bagagiol>

They may also directly contact Fabio Bagagiolo (responsible for the course) at e-mail: [fabio.bagagiolo@unitn.it](mailto:fabio.bagagiolo@unitn.it).

An optimal control problem: “Is it more profitable to follow the purple path, the blue path or the orange path? And, how can I be able to follow the optimal one?”.
